When you place your order to have this coffin delivered to you or your funeral director, we will contact you within 12 hrs (Mon-Fri) to discuss sizes and delivery timescales (normally 2 working days). We might not have the exact coffin you want in the size you need, but we can recommend a suitable alternative.

This traditional shaped coffin is made from natural seagrass with subtle green and blue tones. Woven by hand using yarns of twisted seagrass and finished with cane, top and bottom. The seagrass material is grown in coastal paddy fields and flooded with seawater throughout the year. The fields are carefully managed to promote a continued cycle of growth and renewability.

Seagrass coffins are certified by The Funeral Furnishing Manufacturer's Association (FFMA) for quality, strength and fitness for purpose.

Please note

We do not provide the coffin with flowers – these are for illustrative purposes only. The coffin that you receive may not match the colour exactly of the coffin displayed on screen. Seagrass is natural material and the colour tone may vary from harvest to harvest. Also your computer monitor may have different colour settings to ours.
All our coffins come with a bio-degradable waterproof lining and a second unbleached cosmetic cotton lining
