Shroud and Stretcher

£350

Shrouds are an environmentally friendly alternative to veneer coffins, as they are made from sustainable sources, and are entirely bio-degradable. You could choose

to decorate a shroud with embroidery or natural paints.

In almost all cases, the crematorium or burial site will require a stretcher. This is for practical reasons.

The price shown above, £350, includes both the cotton shroud and the willow stretcher.

It is also possible to purchase the stretcher on it's own for £250, in case you would like to provide/make your own shroud.

The shroud and stretcher are both suitable for cremation and tested by the FFMA.

Please note

The willow lid pictured in the shroud photograph is not part of the shroud.
We only provide this shroud as part of a funeral that you're arranging with Natural Endings.
Not all crematoria and burial grounds accept a shroud and stretcher, some will only accept a coffin.
We do not sell shrouds for national delivery
Also see commonly asked questions about buying an eco-coffin from Natural Endings.
All our eco-coffins are suitable for traditional burial, woodland burial or cremation. Shrouds with a stretcher are an alternative to a coffin, they are made from sustainable resources, and are entirely bio-degradable. You could choose to decorate a shroud with embroidery or natural paints.
